

Pantomime I know that the decision not to attend the pantomime in Harrogate has been met with disappointment but I am sure you will understand why this decision has been made. If any of our children or staff were to catch covid following a visit to the theatre so close to Christmas, they would then have to self-isolate for ten days which would ruin any plans that you have for getting together with friends and family over the Christmas period. With cases potentially doubling every two to three days and Harrogate area being the third highest area in the region for transmission, I suspect that next week, it will be even worse. We will however, still be watching a live performance of 'Cinderella' so the children will still have a morning of entertainment next week. I know it is not the same, and some parents may believe this is overly cautious, but I am unwilling to place our children and staff in a situation that can actually be avoided.
