

Children in Need Day (14th November) This year the theme for Children in Need is to challenge the children to complete 25 of something! This could be to read 25 pages of a book, to complete 25 TTRS questions, to do 25 'keepie uppies', 25 sit ups - you name it, as long as it's 25 of something, that counts. Please can you have a chat with your children over the week and see if they can come up with something that they can do 25 of? We can then celebrate this next Friday afternoon in our Children in Need Assembly. This is a normal uniform day but I would ask that you consider allowing the children to bring in a donation (e.g. £1) that we can send to this worthwhile charity. Thank you so much!

Parents' Consultation Evenings We are looking forward to welcoming you to parents' evening next week. I appreciate you will have a lot to talk about, but please limit your meetings to 10 minutes for the sake of parents with later appointments. Thank you.

Arbor Management Information System As you are aware, we have recently changed the school online management system from Scholarpack to Arbor. The transfer of data is still ongoing and we ask that you remain patient whilst we become familiar with this new system. As we are no longer using Parentpay for school transactions please be aware that all current payments will simply transfer to Arbor and payments will be made through the app once you have received your logins which we are hoping will be available by the end of next week.

PTFA We had a good meeting last night and discussed events running up to Christmas. If you are able to donate Raffle Prizes for the Christmas Raffle please drop them off at the office from next week onwards. Thank you so much! The PTFA newsletter will be coming out soon with all our planned events so do please keep an eye open for it!

And finally... I am sorry that the curriculum evening was cancelled earlier this week. We had hoped that parental engagement would have been greater but alas it wasn't the case. I have attached the presentation that we would have shown to this newsletter so please do take the time to view it if you have any queries on how we teach our children the core subjects. If you have any specific questions regarding the curriculum, how we teach it and how you can support us, please ask these next week at Parents Evening. Thank you.

Next half term our whole school topic is: 'The UK'
